

Description of Budget Cycle

The budget process in the City of Yonkers begins in December each year when budget preparation packages are sent to departments by the Office of Management and Budget. The departments and related entities (i.e., Yonkers Public Library, Hudson River Museum) return to OMB their operating budget forms with estimates of revenue and expenditures for the ensuing fiscal year. Departments also provide four-year estimates for their capital projects. The capital budget requests are reviewed by the Capital Improvement Program Committee for their recommendation to the Mayor.

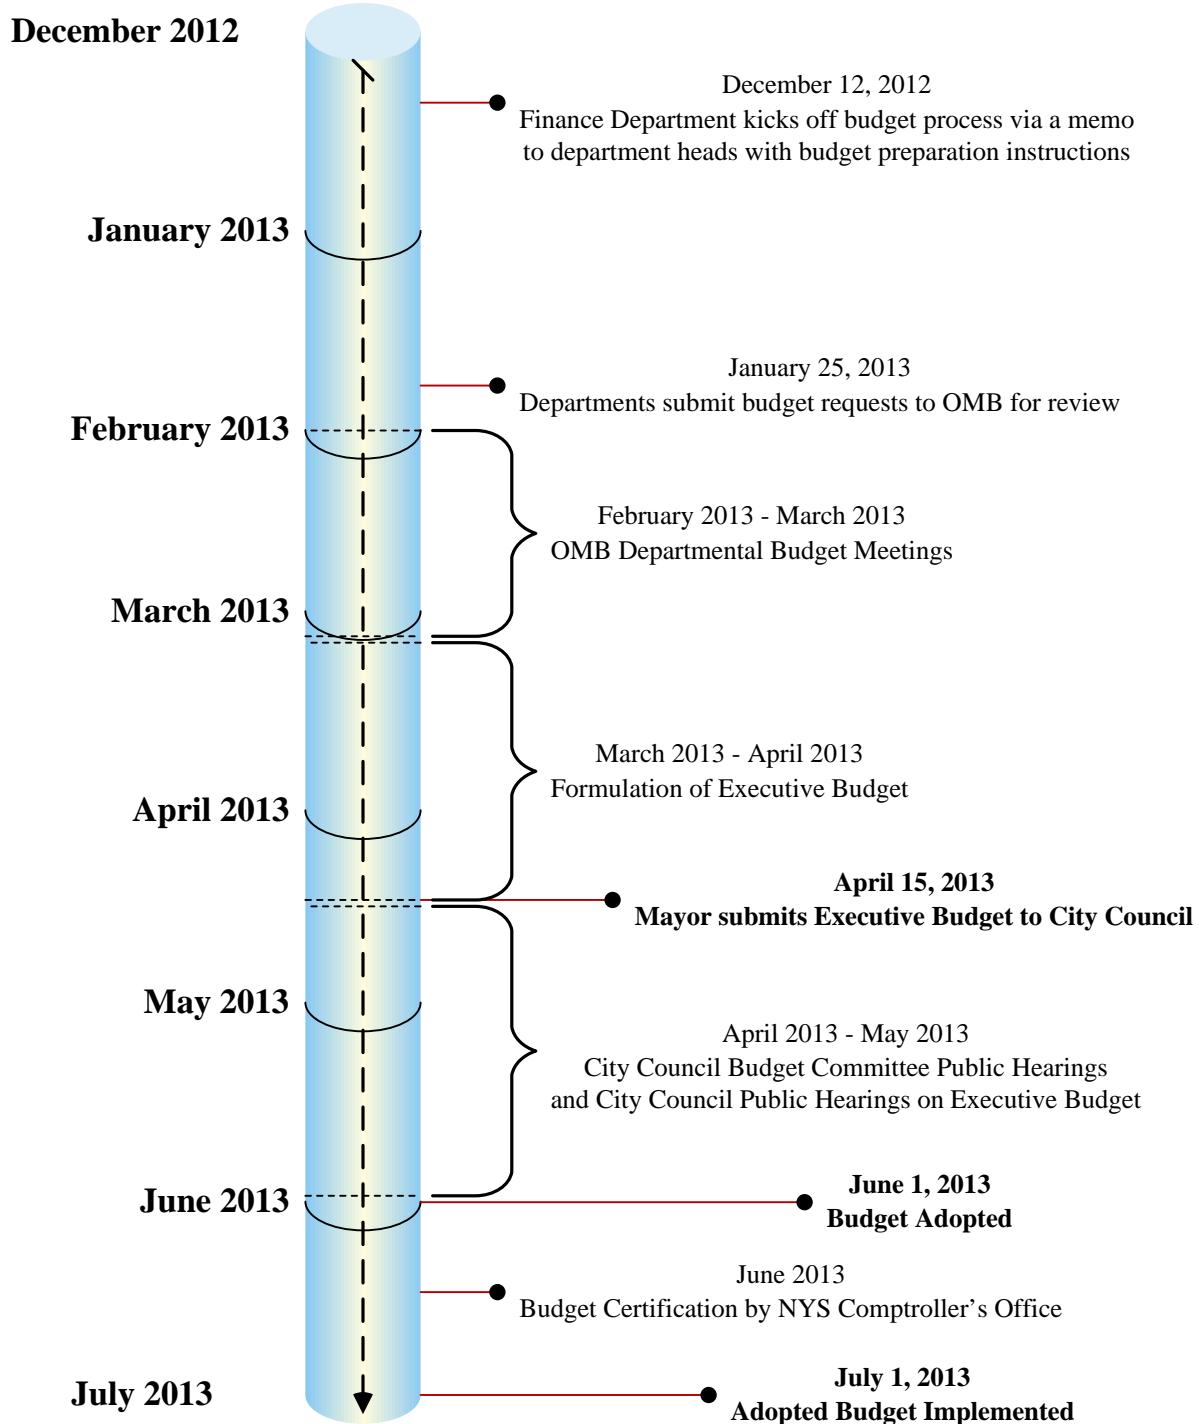

Operating budget estimates are reviewed and analyzed by OMB staff, and budget meetings are held with each City department or agency. The proposed operating budget of the City is then prepared by the Mayor for submission to the City Council. The Mayor is required by the City Charter to submit the City Executive Budget by April 15. The Mayor's budget includes estimates of expenditures for each department of the City as well as estimates of revenues from all sources, including ad valorem real property taxes. The Board of Education submits to the Mayor an estimate of its anticipated expenditures, and the Mayor is responsible for recommending to the City Council the amount to be appropriated for educational purposes. Adoption of the operating budget by the City Council follows a public hearing and is required to occur by June 1 unless the State Budget is adopted late. In that case, the City has thirty days to adopt the budget after the adoption of a State Budget. The Mayor has the power to veto the budget approved by the City Council, and the Council can override the Mayor's veto with a 2/3 majority vote. The City Council also adopts the Capital Budget and also adopts bond ordinances for specific capital projects at that time to finance the projects.

Upon the adoption of the budget, the tax rate and levy are determined for the ensuing year. Under the Special Local Finance and Budget Act of the City of Yonkers, constituting Chapter 488 and 489 of the Laws of 1976 for New York State, the Adopted Budget must be approved by the New York State Comptroller and cannot thereafter be amended. The City Council and the Mayor may, during the course of the year, revise appropriations and make fund transfers with respect to general operations. In addition, all councilmanic transfers must be approved by the New York Office of the State Comptroller.

Description of Major Revenue Sources

A. Municipally-Generated Revenues

The primary municipally-generated revenues include, in order of magnitude, Real Property Tax, Sales and Use Tax, Income Tax Surcharge and Real Property Transfer Tax.

Real Property Tax: The City is responsible for levying taxes for City and Board of Education purposes. The City's property tax levying powers, other than for debt service and certain other purposes, are limited by the State Constitution to two percent of the five-year average full valuation of taxable real property of the City.

The State Board of Equalization and Assessment annually establishes State Special Equalization Rates for the City, which are determined by statistical sampling of market sales/assessment studies which lag current data by approximately three years. The Special Ratio is applied to the Assessed Valuation as determined by the City Assessor to yield the Full Valuation.

The last City-wide reassessment of all properties was undertaken in 1954. However, the Assessment Department regularly inspects properties to ensure that new construction or demolitions are properly on the City's assessment roll reflected.

Property taxes become payable upon levy of such taxes by the City Council. Taxes are payable in three equal installments, usually in July, October and January. Penalties are assessed for delinquencies at a rate of 15% per annum. The City succeeds each year in collecting approximately 96% of taxes levied in a given fiscal year.

The General Fund accounts for the full receipt of the tax levy, including the portion of the levy raised for the Board of Education and that portion of the levy deposited in the Debt Service Fund for the payment of capital debt service. The total assessed valuation roll for general City tax purposes partially exempts certain properties (owned and occupied by veterans) which are assessed for school purposes. All provisions for uncollected taxes are charged against the general City budget. The Board of Education receives its tax levy for operations in full from the City.

Sales Tax: Currently an 8.375% sales and use tax is imposed on all retail sales in the City. Revenues from that tax are apportioned 4.00% to the State, 2.5% to the City, 1.5% to the County and .375% to the Metropolitan Transportation Authority. The 2.5% City sales tax includes the 1% City Special Sales Tax enacted pursuant to Chapter 871 of the Laws of 1975, and the City's right to impose the additional tax may not be preempted by any other governmental body. The proceeds of the Special Sales Tax are deposited directly into the Debt Service Fund by or on behalf of the State Comptroller for the purposes of paying principal of and interest on outstanding City indebtedness.

Income Tax Surcharge: Chapter 345 of the Laws of 1984, which became effective on July 3, 1984, authorized the City to enact a local law imposing an income tax surcharge on residents of the City at a rate not to exceed 19.25% of the net State tax, and permitted the City to impose a City tax on the gross earnings of non-residents employed in the City at a rate not to exceed one-half of one percent (collectively, the "Income Tax Surcharge"). Currently, the resident City tax rate is 15% of the net State tax and the non-resident tax is one half of one percent. The law provided that such Income Tax Surcharge could be imposed for the period January 1, 1984 through December 31, 2011, and would be administered, collected and distributed by the State Tax Commission. Pursuant to the authority granted by the State statute, the City enacted a local law imposing the Income Tax Surcharge. The City has requested the State Legislature to extend the Income Tax Surcharge and non-resident earnings tax to December 31, 2015.

Real Property Transfer Tax: The City currently receives 1.5% of the gross sale amount from the seller upon the transfer of real property. For cooperative apartments, the tax is imposed only when a building converts to co-op use, not when individual units are offered for sale.

B. Intergovernmental Revenues

The principal sources of economic funding furnished by the State to the City are State funding to education, per capita revenue sharing, municipal overburden and State local assistance funding. Additionally, there are several lesser funding, grant and shared revenue programs, including the mortgage tax (collected for the City and the State by the County at the rate of \$.50 per \$100 of mortgages), traffic violation fines (collected for the City by the State), and State youth program funds (received on a matching basis for both recreational and delinquency prevention programs). The City also enacted in the 1994 fiscal year budget a City mortgage tax at the rate of \$.50 per \$100 of mortgages. The County of Westchester collects the tax for the City. The City has requested the State Legislature to extend the City Mortgage Tax to August 31, 2015.

State Funding to Education: Basic formula funding is based upon enrollment, attendance and approved expenses. The amount of other funding distributed to the Board of Education is fixed in the authorizing State legislation. In addition, the City receives funding for such earmarked purposes as educationally disadvantaged pupils, occupational education and handicapped pupils.

Aid and Incentives for Municipalities (AIM): This funding is an annual appropriation from the State that the City may use for any municipal purpose without restriction.

Description of Major Expenditures

Departmental Expenses

The city departmental budget is composed of the administrative and operating departments of the City of Yonkers. Appropriations that are budgeted in the City departmental expenditures are personal service, equipment, material and supplies, and contractual services.

Board of Education Operating Expenses

The City, by State law, is required to appropriate funds for the Yonkers Public School System.

Fringe Benefits

CSEA and Police and Fire Retirement Expenses: The City makes annual payments to the New York Retirement System, which in turn is responsible for making pension payments to eligible retirees. The system is overseen by the New York State Comptroller.

Social Security: The City is required to contribute to the Social Security Trust Fund 7.65% of the first \$113,700 and 1.45% thereafter from salaries.

Hospital and Medical Insurance: The City provides hospitalization and medical benefits through various programs. Depending on the union affiliation and the length of service of employees, the City is required to contribute to this insurance program. In addition, this expense includes the City's contribution for Health Insurance for retirees.

Workers Compensation: The City is self-insured for Workers Compensation. The City directly finances the cost of medical and compensation payments to employees that are hurt on the job. The City has hired a private company for administering the workers compensation program.

Trust and Welfare Payments: The City is required to pay various union welfare plans as part of negotiated contracts. There are seven unions that currently receive these benefits.

Fire Department 207A Retirement: The City is required to supplement the State pension of various firefighters who have retired due to disabilities that these individuals incurred on the job.

Debt Services Expense

The City is required to pay principal and debt on bonds that were borrowed to finance capital projects and tax assessment repayments.

Special Items

Taxes on City Property: The City is required by State Law to pay real estate taxes on property that is owned by the City but is not used for municipal purposes.

Reserve for Uncollected Taxes: The City reserves all current and prior years real property taxes that are not collected within 60 days of the close of the fiscal year. The budgeted amount is based on a formula that was included in the Special Local and Finance Act for the City of Yonkers that was passed by New York State in 1975.

Termination Payments: The City is required to pay accrued vacation time and severance pay for employees who have resigned or are terminated.

Litigation Expenses: The City pays outside counsel from this account.
